# WHY I DONATE

**“I’ve donated to the Strong Kids Campaign for the past 7 years. I believe in the mission of the YMCA and the value they place in the young people of today. It’s not always easy for kids to find a place where they belong – the Y provides that place. A place where character is built and life-long values are formed. I feel good knowing I’m helping the leaders of tomorrow by providing opportunities for them today, that they may not otherwise have access to. The Y is for everyone – regardless of your background or income. By contributing to the Strong Kids Campaign I know I’m making a difference in young people’s lives and our community.”**
